Art and Ecology Unite!

How Art is necessary in Ecological Restoration

Red Lion Inn
Jantzen Beach
Mt. St. Helens Ballroom

Society for Ecological
Restoration NW
Conference

Monday, April 4th 6:30-8pm

Portland Ecologists Unite! presents 6 Portland-based artists that are shifting thinking about our relationship to landscape. Through music, film, sculpture, landscape design and other forms (including beer!), these artists will open your mind to the importance of art in how we perceive of nature, and how ecologists can gain from collaborations with artists. We will follow these presentations with a discussion. Please join us!
